**DECLARATION OF JANINE M. GOODWIN**

I, Janine M. Goodwin, declare as follows:

1. I have been employed by Fish & Richardson P.C. since September 4, 2000, as a Sr. Docketing Specialist in the Patent Services Department.
2. When mail is received by Fish & Richardson P.C. from the U.S. Patent and Trademark Office ("PTO"), the mail is entered and docketed into the Fish & Richardson P.C. computerized docketing system and entered into a manual log of all PTO mail received to date. It is then sent to the attorney in charge of the case for entry into the file.
3. According to our docket system the case identified as U.S.S.N. 09/623,775 filed September 8, 2000 corresponds to client/matter number 12758-051US1.
4. I have checked our computerized docketing system and found that the June 30, 2004 correspondence concerning the above-captioned case was not entered or docketed.
5. I have checked our manual mail log (Exhibit A) for the period of time from June

30, 2004 through July 14, 2004. If we had received a PTO action for application number 09/623,775 , I would expect to see an entry in the mail log which would include the date received; the Fish & Richardson reference number; and the base date of June 30, 2004. There is no record of ever receiving the action mailed June 30, 2004.

6. I also checked copies of our docket printouts (Exhibit B) showing docketing deadlines occurring on September 30, 2004 and December 30, 2004. Each entry in Exhibit B identifies the docketed date; the Fish & Richardson reference number; the U.S. Serial Number; a description of the action; and a description of the type of deadline. For application U.S.S.N. 09/623,775 , if we had received an action dated June 30, 2004, I would have expected to find the docketed due date of September 30, 2004 and final deadline of December 30, 2004 for response to the action. I did not find such docket entries in the docket printouts for September 30, 2004 or December 30, 2004. Copies of the docket printouts for September 30, 2004 and December 30, 2004 are attached as Exhibit B.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patents issued thereon.

Respectfully submitted,

Date: 2/2/05
